INTERPRETATIONS / EMILIO CATALDO

Cataldo's Salon, Canberra for L'Oréal Professionnel

PURE CHIC Fifties movie-star glamour makes a comeback this season with this long, graduated bob that encourages movement and texture. The exquisite shade is created by fine slices of salmon pinks, golds and apricots to create a sunset graduation of colours that exudes classic elegance and sophistication.

AQUA CHIC For tousled, effortless beauty, inject soft waves with sandy blonde pieces that contrast against cool aqua. Thick panels through the front are teased at the roots to allow a diffused blonde effect. Try a touch of casual evening glamour and dress it up before you hit the town.

EXO CHIC East and west converge as deep brown gives way to highlights of translucent plum. The long, graduated bob features a fringe to accentuate the eyes and to lend flexibility to the style. When teased at the roots, this passionate look takes on a somewhat lived-in appearance.
